**RE: US Ecology Idaho (USEI) Site B – IDD073114654**  
***Availability of Ancillary Equipment for Direct Landfill Operations***

Dear Ms. Creed:

This letter is to certify that USEI has all required ancillary equipment in place and functional for direct landfill operations. Ancillary equipment includes all emergency response equipment required by the site Contingency Plan; truck scale for weighing loads of waste; sample stand for inspecting and sampling bulk loads of waste material; fingerprint lab apparatus for analyzing samples for water reactivity, flammability, and pH, as needed; radiation detection instruments to measure dose rates of incoming loads as well as meeting all DOT regulations for receipt and return to service; heavy equipment for managing waste once it has been placed in the landfill; and vehicle wash area for cleaning the tires of vehicles that have entered the landfill, prior to those vehicles exiting the facility. A change room and showers are also available for personnel decontamination prior to leaving the facility at the end of the work shift.

If you have any questions or comments, please contact me or Rebecca Hogaboam at (208) 834-2275.

*I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.*

Regards,

Jason Evens

**Landfill Certification – Subsequent to Blast Incident**

Dear Ms. Creed:

This letter is to certify that US Ecology Idaho Site B active landfill Cells 14, 15, & 16 are intact and did not sustain any damage during the blast incident which occurred on 11/17/18 at our indoor stabilization unit.

All active landfill cells are acceptable to receive waste as outlined in our permit.

If you have any questions or comments, please contact me at (208) 319-1620.
